

June 3, 2026

Dear Patients and Friends,

I am writing to share an exciting update regarding the growth and expansion of my practice.

I will be consolidating my practice with the practice of Dr. Sally J. Cram, a highly respected periodontist, to further strengthen the care we provide to our community. I am honored by the trust she has placed in me and committed to ensuring a seamless experience for all patients and referring providers throughout this transition.

Dr. Cram is a highly skilled clinician with 38 years of experience providing excellent and compassionate patient care. I look forward to introducing you to Dr. Cram, a leader in the dental community whom I have known for many years. I have chosen to join forces with Dr. Cram because she shares the same dedication to patient care and clinical excellence you have come to expect.

Our practice will be expanding to include a second office location at 1120 19th Street NW, beginning Monday, June 1, 2026, while continuing to operate from our current location during a transition period.

I am pleased to share that our second office is only a few blocks from our current location, with Metro access via Farragut North and Farragut West stations and on-site parking available, making the transition as convenient as possible for our patients.

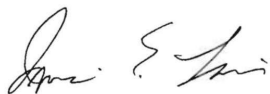

The additional space allows us to continue serving our patients in a comfortable environment while preserving the personalized experience that has always been central to our practice. We are especially pleased that this expanded space of our second office will allow us the opportunity to thoughtfully expand services and continue incorporating the latest advances in periodontal and implant care.

My commitment to your care remains my highest priority. Whether you have been with the practice for many years or are newer to our office, my goal is always to provide thoughtful, evidence-based treatment with compassion, transparency, and attention to your individual needs.

We are working hard to ensure that this transition is seamless for you. Our team remains available to assist with appointments, and we will coordinate closely with your general dentist and specialists. If you would like to see our new space or say hello to our expanding team, please feel free to stop by the new office—we would love to welcome you.

We are grateful for the trust you place in us and look forward to seeing you soon. I am excited about this next chapter and, most importantly, continuing to care for you for many years to come.

With love and appreciation,

Imani E. Lewis, DDS, MS
